

## QUALITY POLICY STATEMENT

**Projects 24 Developments CC** is a leading Interconnect Solutions Provider, servicing the South African Industrial Electronics market since 2003. We pride ourselves in Interconnect Consulting, Cable Assembly Design, Harness Manufacturing, Cable and Wire Processing and Raw Component Supply.

Our customer base includes those in the markets of Security, RF and Telecommunications, M2M Telematics, Tracking and Fleet management, White-Goods and Vending equipment, Industrial Process Control, Mining and Automotive-aftermarket.

With our combined knowledge and experience of Electronic Manufacturing, Electromechanical Application Engineering and Interconnect Product expertise, we pride ourselves in contrast to conventional cable assembly producers, and offer a service beyond pure processing. Our products are also manufactured to the highest quality IPC WHMA-A-620 A and DIN / DIN EN standards.

Our objective is to satisfy our customer's requirements by delivering Top Quality Products and Services beyond their expectations.

### TO ENSURE CONTINUAL EXCELLENT SERVICE AND PRODUCTS, WE COMMIT TO THE FOLLOWING PRINCIPLES:

- 1) Management support and commitment to the Quality Program.
- 2) Customer satisfaction is of top priority for all employees in the company.
- 3) We encourage team work in order for the company to perform at its best.
- 4) We recognize the importance of the individual employee and the importance in his/ her role in making this a company that delivers superior products and service. We encourage innovation and aim to improve every individual that is in the employ of the company, through training and coaching.
- 5) The importance of our suppliers in our success as a quality company is recognized and open communication is maintained with all our suppliers.
- 6) Continual compliance with and improvement of the requirements of ISO9001 and our Quality Management System and programs, is a priority for everyone in the company. We continually strive to improve on our services and the quality of our products.
- 7) Management shall establish, monitor and review annual quality objectives and targets for the company to ensure continual improvement and growth of the program.
